```javascript
// Check Off Specific Todos By Clicking
$("ul").on("click", "li", function() {
    $(this).toggleClass("check-off");
});

// Click on X to delete a particular to-do
$("ul").on("click", "li span", function(e) {
    $(this)
      .parent()
      .fadeOut(500, function() {
        $(this).remove();
      });
    e.stopPropagation();
});

// Creation of new Todos
$('input[type = "text"]').keypress(function(e) {
    // If we press the Enter keyword
    if (e.which === 13) {
      // Grabbing text from input
      let todoText = $(this).val();
      // Clear input field
      $(this).val("");
      // Create a new LI and add to ul
      $("ul").append(
        "<li><span><i class='fa fa-trash'></i></span> " + todoText + "</li>"
      );
    }
});

$(".fa-plus").on("click", function() {
    $('input[type = "text"]').fadeToggle(1000);
});
```
